

ST. LOUIS TIMES SUNDAY

Ten Thousand Persons Expected To Witness Ceremonies at New Y. M. C. A. Building

SEPARATE UNITS NOW PLANNED FOR DRAFTED NEGROES

Colored Soldiers Will Be Divided Among Different Cantonnments Asked to Volunteer to Work Along Roads and Railways—No Negroes Will Be Sent to Camps in the First 40 Per Cent Contingent—Change Not Ready.

The latest decision on the Negro draft puzzle, as reported from Washington, is that colored troops of the National Army will be organized in separate units, as is done in the regular army, and as far as possible will be trained in the states where they enter the service. The call for drafted Negroes to mobilize at their camps will be postponed to allow officers at the camp to arrange for these separate units.

This means that the Negroes will be divided among the several cantonnments and that the Northerners will be sent to camps, in the south, nearest their states. The government estimates that 70,000 Negroes will be called into service. Although the opportunity to volunteer for combat service has been denied colored men, the authorities state they will be given an opportunity to volunteer for service on the line of communication, which is menial labor, but considered military. There also will be Negro fighting regiments of the National Army. One half of the drafted men are to be ready for the camps immediately and will begin training Sept. 19. St. Louis will have 4,377 in the first quota, of which one-fifth will be Negroes, but no disposition has been made to call them with the first contingent. Only white men will be in the first 40 per cent.

MEN EXPECTED HOME FROM PORT DES MOINES SUNDAY
The St. Louis men now at the officers' training camp at Port Des Moines will complete their course of three months Saturday. The men should arrive home Sunday morning and will be met by the Y. M. C. A. parade in the afternoon.

ICE BY WEIGHT, FULL MEASURES OF COAL AND VEGETABLES NEW LAW

The new weights and measures law has gone into effect. It will immediately affect all except the coal commission men, who have been granted 60 days to get their measures right. Ice men must carry scales. Retail coal merchants will be arrested. Details about baskets are marked 40 lbs. to a bushel and 40 lbs. to a half bushel. Commissioner Weeks said coal dealers have been selling about 25 pounds in a basket that was supposed to represent a bushel of coal. Another important feature of the new law is that requiring a "heaped" measure in the sale of vegetables and products by the dry measure. The bush measure must be heaped to a perfect cone, and should contain 15 pounds of Irish potatoes and 14 pounds of sweet potatoes. Hucksters have been in the habit of giving a level measure that contains only 12 pounds. Commissioner Weeks said, and he advises every housewife to buy a scale and measure the products she buys. If they are short weight, she should report to Weeks, who will investigate personally and prosecute the offending huckster, he said.

Next spring the retail grocers, butchers and hucksters will be required to sell berries in boxes that represent a pint or a peck, instead of the old style boxes that contain from a half to two thirds of a pint.

MOLLMAN AND SECRETARY HAVE BEEN INDICTED

Mayor of East St. Louis Charged With Malfeasance In Office—Demanded In Report—Asked to Resign by Citizens and Ministers—Congress Appoints Investigating Committee—Bundy Loses First Point In Re-election Campaign

Mayor Fred W. Mollman of East St. Louis, who was elected on a "law and order" platform in 1915, and who was re-elected last Spring, has been indicted by the St. Clair county grand jury on a charge of malfeasance in office, based on his failure to take measures to check the East St. Louis race riot and massacre of Negroes July 2.

The grand jury said in its report, that whether Mollman's inaction was due to fright, to inability or to sympathy with the rioters, he showed his unfitness for office. It said that, so long as he remained in office, "a coterie of corrupt politicians" would continue to hamper efforts for good government, and it urged citizens to demand his resignation. "As the greatest good he can do his city,"

Mollman's secretary, Maurice Ahearn, was indicted on the charge of being a conspirator in the riot, the specific charge being that he ordered policemen to arrest photographers and to smash cameras, thus preventing the making of photographs and moving pictures, which would have served as evidence against the guilty men. "No man gave greater aid to the rioters than Ahearn," the grand jury declares in its report.

Thirty-seven others were also indicted. This makes 144 who must face trial, including two women. The Committee of One Hundred, and the ministers of East St. Louis have asked Mollman to resign. He refuses to do so and is supported by all but one of the city councilmen.

HOUSE NAMES COMMITTEE TO INVESTIGATE RIOTS

Washington, Sept. 11.—Representatives John Johnson, Kentucky; Baker, California; Foster, Illinois; Cooper, Wisconsin, and Posa, Illinois, were named by Speaker Clark today as a special committee to investigate whether incite commerce or travel was interfered with in East St. Louis during the recent race riots.

The resolution was introduced by Representative I. C. Dyer of St. Louis. Mr. Dyer's resolution for investigation also has favorably been acted upon in committee.

BUNDY LOSES FIRST POINT IN CASE

It has been reported that the application of Dr. Leroy N. Bundy for a writ of habeas corpus at Cleveland, O., has been denied. Bundy is wanted in East St. Louis to answer a charge of murder in connection with the riots. His case now rests with Gov. Cox of Ohio, who has been asked to grant extradition.

EAST ST. LOUIS PACKING HOUSES RAISE EMPLOYEES' WAGES

The East St. Louis packing houses have granted their employees an increase of 25 cents a day. The increase amounts to \$1,400 a day. About one-fourth of the employees are colored.

"This theatre is almost in the doors of the Metropolitan A. M. E. Church and the Whiteley Branch Y. M. C. A. Dr. Shaw, pastor and Miss Belcher have protested against the opening of this theatre right in their doors and a suit is now pending in the court against Dr. Shaw for causing this house to be closed on a previous occasion.

NEGROES AGAIN INSULTED

It has been stated that over six hundred thousand men have volunteered and enlisted in the various departments of the United States Army and Navy, since the war has existed between Germany and this country.

The Negro has been willing to volunteer his services along with other men during all this time, but has been persistently denied that right. Just why this has been done, no one has explained to our satisfaction. However, much speculation, as to the real cause, has been indulged in. Protest after protest, and petition after petition, have been taken to the war department with the hope that those who have the power of speaking and acting for all the people of the United States in the prosecution and conducting this war, would be able to see the injustice as well as the danger in setting such an example of discriminating on account of race or color. But we are sorry to say it has been of no avail.

STEVEDOERS

It looked like adding insult to injury when it was announced through the daily press that the War Department wanted a regiment of Negroes to do the menial work behind the lines in France. To deny the Negro the right to enlist in any branch of the government service is an injury to his feelings. But to select him from all other races, or nationalities, aliens or enemies, and say to him that his service is wanted as volunteer only to do menial labor for his country, is an insult of the rankiest kind. As a fighter and a soldier of the first class, the Negro has won that reputation. As to his loyalty to the flag, no one can reasonably doubt. Then why should the highest officials of the land guard him with such injustices? It is enough for the Negro to be compelled to fight continuously against local prejudices, but when it is carried so boldly into the United States government service, it is just a little more than we can stomach without protest.

The black soldier in France is on an equal basis with the white soldier. There is no color line drawn. His opportunity for proving himself an ideal soldier is not denied him. It may be, the white men in America, desire to send the Negroes to France as servants and not soldiers in order to make their prejudice effective. All of this and still more cannot make cowards of the brave men and youths of the Negro race. They have proven their worth and their valor under the most trying circumstances, in all the wars of this country. And it is our prayer, that this present war may continue until the Negro will be given the chance to show his manhood, to show his loyalty, to show his patriotism and prove his valor as a soldier even as all other men have had the chance.

THE CORNERSTONE LAYING

There are, in the course of human events, things that make history: The cornerstone laying for the new Y. M. C. A. building which is to take place Sunday, will be an epoch making event in St. Louis. The committee, on arrangement, states that a large crowd of our town-folks and quite a few out-of-town people are expected to take part in the event. This is right and proper.

The history of the campaign that made this building possible is most interesting. It will be recalled that the colored people of St. Louis during a ten-day campaign raised in subscriptions nearly seventy thousand dollars. This was the largest amount ever raised by colored people for a similar purpose. One single gift of five thousand dollars by Mr. and Mrs. Malone was the largest of its kind made by colored people. There were also more one thousand dollar subscriptions to the fund than to any other previous building fund. These are some of the big things in the history of the work.

The Bigger Things That Follow

It required a deal of work to secure the pledges, yet quite a deal of enthusiasm on the part of the workers to get such results, but the bigger job was on hand when the real hard, cold cash was to be collected. It will be interesting to know that the largest pledge, \$5000 has been "paid in full" and some of the one thousand dollar pledges also. Over twenty-two thousand dollars have been paid in by the colored people to date. This is the largest amount ever collected by any of the other cities before cornerstone laying.

We Must Redeem Our Promise

It is easy to make a promise or a pledge, but the real test of man-hood or woman-hood is in keeping one's promise. We have promised fifty thousand dollars for a modern building, so the men and youths of our race may have a place of wholesome environments to spend their leisure hours and a home. Let us give it. This is the supreme opportunity in the history of the work to redeem our pledge. We may need some money after the building is completed, but not like we need it now. Don't let it be said that the work on the building had to lag on account of one unpaid subscription by the colored people. There never was a time when a Y. M. C. A. was needed as at this particular time. Let us all make one supreme effort for next Sunday and meet each other at the cornerstones laying with the password, "You pay your pledge to-day for I am paying mine."

NAT'L BAPTIST
CONVENTION

(Special to the Argus)

Muskogee, Okla., Sept. 11.—Today brings to a close the great National Baptist Convention that has been in session six days. It is by far the greatest meeting held by this august body in all previous years. More than 4,000 delegates were registered during the second day's session. Perfect peace and harmony prevailed throughout the entire stay.

The greater portion of today's session was given to hearing reports from various committees and the different boards of the convention, the auditor, Prof. M. M. Rodgers, read a financial statement, declaring that each department of the convention was in a prosperous condition and that each board had broken the record in raising money. The publishing board, under Dr. Haynes of Nashville, and the foreign mission board of Philadelphia, which Dr. L. G. Jordan is the head, made the most inspiring reports.

A representative of the Southern White Baptist Convention was upon attendance of the assembly and assured the Colored brethren that \$50,000 had been donated by the whites to assist in the erection of a theological seminary at Memphis, Tenn., for the training of Colored ministers.

The committee on place erected considerable enthusiasm when names of cities offered for the next year's convention. Madison, Rebecca, Don, and several other cities were in the running. The convention held its 1918 meeting in St. Louis, but strong sentiment opposed the invitation. Newark, New Jersey was finally adopted as the place for the next meeting.

All officers of the convention were retained for the ensuing year. The Colored and white people of Muskogee were loud in their praise of the dignified manner in which the delegates and visitors conducted affairs, and were liberal in their hospitality. A leading white lady was benefited because of the convention, and had the following to say in an editorial:

INTELLIGENT NEGROES

The Negroes attending the National Baptist Convention and the Negro fair in Muskogee are an intelligent body of men and women. They are more keenly alive to current events than any convention that ever assembled in Muskogee, if the number reading newspapers is an index. Since these meetings have been in progress in Muskogee, the street sales of the Times-Democrat have more than doubled. Yesterday the sales were 1,300 above normal. There was no particular, overwhelming news story that would cause an increase in sales. It is simply the Negroes buying papers in order to keep posted on current events. A time ago there was a convention here where there was a registered attendance of 2,300 school teachers. While that convention was in progress the street sales of the newspapers did not increase 200 a day.

There have been big conventions in Muskogee, political, industrial, commercial and educational, but never has there been a convention during which those in attendance bought so many papers as the Negroes have bought during the past few days.

LAUNDRIES OVERTAKEN FOR WEEK

Muskogee, Okla., Sept. 11.—The laundries today were just getting in sight of "clear" after the hardest week of their history. Last week practically every laundress in the city suspended work, because of the incomparable National Baptist Convention. The laundresses were literally swamped. Laundries were unable to turn out hundreds of orders supposed to be ready by Monday. The laundresses who were to have been delivered Thursday, Friday and Saturday were also held up.

PROMINENT RAILROAD OFFICIALS ACCOMPANY BAPTIST DELEGATION

Nine coaches, beautifully appointed, constituted the special train that departed via the Missouri Pacific rail road last Tuesday morning, with a large delegation, for Muskogee, Okla., to attend the session of the Incomparable National Baptist Convention. The delegation was headed by traveling passenger agent of St. Louis and M. S. Kitchen of Joplin were en route and manifested extreme care to see to it that each passenger received the unlimited comfort and accommodation that is offered by their road.

Rev. W. H. Silsby, B. D., as in-charge of the train and singer of Philadelphia, is conducting a revival meeting at Tabernacle Baptist Church.

New Pythian Lodge Being Organized

Like all the great citizenship of St. Louis, we were electrified by the mammoth concourse held by the Knights of Pythias and Auxiliary in our city last month. One could not witness the splendid exercises or read of the wonderful accomplishments of this great institution without being impressed with the tremendous achievements this army of men and women are accomplishing for the race. It has impressed us as one of the greatest agencies for good which is being fostered by our people.

We have taken much time to study the business methods of this order and find it has a substantial Beneficiary Department, founded upon a safe and sane insurance rate as recommended and approved by the National Fraternal Congress, and the Insurance Department of Missouri, which is doing much to relieve the distress of the worthy dependents of Pythians who have fallen in the Ranks.

We the undersigned with many others have decided to organize a Lodge and thus assist, and enjoy the privileges of the many thousands who are now laboring under the banner of Friendship, Charity, and Benevolence. A special Dispensation has been granted by Grand Chancellor Lloyd under which we can secure membership at the low fee of \$4.50.

Our Slogan is: 100 Members by October 30th 1917

If you feel interest in this important matter and desire some safe protection for yourself in sickness, your loved ones in death, see or communicate with Mr. David D. Jones, Y. M. C. A. DR. J. A. BRAY AND WIFE TABERNACLE CHURCH

Dr. J. A. Bray former president of Lane College, now secretary of Education for the C. M. E. church, spoke at Lane Tabernacle church, last Sunday. He is well known through the country as one of the leading orators; and is quite a favorite among the white people of the south.

A great impression was made upon the congregation by the eloquent remarks made by the speaker. His text was from the sixth chapter of Timothy. Dr. Bray said in part, referring to Paul, Timothy's foster father and the love that existed, "That such love should live in the hearts of every father for his son. The moment a father conducts himself in such a way as to cause the son to doubt his integrity, his influence as a father, is at an end."

As secretary of education he collects money in order to support the educational institutions of the C. M. E. church, which are Miles Memorial College, Birmingham, Ala., Payne College, Augusta, Ga., Mississippi Industrial, Holly Springs, Miss., Lane College, Jackson, Tenn. and several other smaller institutions.

Dr. Bray came here from Richmond, Mo., where he addressed a White Annual Conference and raised \$405. Before coming north, he has just finished a crusade in Tennessee, which netted \$2,000. He relates an occasion in Tennessee where he was called upon to deliver an address in a small town where there was no auditorium, the desirous white people pulled a farm wagon down the street and placed a platform. The white people responded with \$50 for educational purposes. After the interesting remarks of Dr. Bray, last Sunday, Rev. Dr. Dobbins of Cincinnati, who spoke in the interest of the Y. M. C. A.

IN MEMORIAM

In loving memory of our dear mother, Mrs. Flora Clay who departed this life Sept. 10, 1915.
One and a week has passed, and sad and sudden was the call for our dear mother loved by all. We little thought that on that day, our dear mother would be called away from us. We little thought what was said, when the message came that she was dead. Day by day we miss her; friends may think the wound is healed, but they little know of the grief that our hearts conceal. It can never be forgotten; never from our memory fade. Loving hearts will all linger round the grave where she is laid. Sadly missed by the family Mrs. Sarah Fitzhugh, Mrs. Pearl Sloan, Thomas Hagan, John King, children.

IN MEMORIAM

In loving memory of my beloved daughter, Mary A. Morris, who departed this life, Sept. 10, 1915.
The moon and stars are shining upon a lonely grave. There sleeps my dear daughter whom I loved, but could not save. I miss her loving form; I miss her everywhere. Home is not the same since my dear is not here. Sadly missed by her mother, Carrie Morris.

IN MEMORIAM
